**Comments:** Martin works hard in school although there are times he could put forth more effort. His math skills have been improving this term.

**Spiritual Growth:** Martin thinks hard about some things and asks some interesting Bible questions at times.

**Prayer Requests:** Please pray that Martin will open his heart to care more about others and show more concern for others.

**Additional comments/story:** Martin's Rafiki Mother shares that Martin has a concern for her whenever "she forgets herself" and chores that she is required to do. He likes to remind her saying, "Mama, it is time to go out for sweeping" or "Mama, it is time to send the laundry out." She was very amused when she heard him remark after winning a board game called Castle Bridge, "Surely, now I will see the President."
